SUPPLEMENTARY INFORMATION:

Background

On October 9, 2019, we published a proposed rule to designate critical habitat for the endangered Western North Pacific DPS, the endangered Central America DPS, and the threatened Mexico DPS of humpback whales under the ESA (84 FR 54354). Areas proposed as critical habitat include specific marine areas located off the coasts of California, Oregon, Washington, and Alaska. Based on consideration of national security and economic impacts, we also have proposed to exclude multiple areas from the designation for each DPS. The deadline for submission of public comments on this proposed rule and the supporting documents was originally scheduled for December 9, 2019. Following receipt of several requests, we are extending the deadline for submission of public comments to January 31, 2020. This extension will help ensure that the proposed rule and supporting documents undergo thorough and robust review.

Public Hearings

A series of five public hearings was announced in the **Federal Register** on October 17, 2019 (84 FR 55530). In response to several requests, we are scheduling a sixth public hearing in Petersburg, Alaska, on January 6, 2020. See **DATES** and **ADDRESSES** sections for further details. We will be offering remote access to this hearing via a webinar. For instructions on how to access this hearing remotely, please contact Lisa Manning (see **FOR FURTHER INFORMATION CONTACT**).

The public hearing will begin with a brief presentation by NMFS to provide an overview of critical habitat under the ESA and a summary of the proposed critical habitat designations for humpback whales. Following the presentation, members of the public will have the opportunity

to provide oral comments on the record regarding the proposed designations. Members of the public will also have the opportunity to submit written comments at the hearing. Written comments may also be submitted at any time during the public comment period; see **ADDRESSES** section for more details. Note that all comments received are a part of the public record and will generally be posted for public viewing on *www.regulations.gov* without change. All personal identifying information (*e.g.*, name, address, *etc.*), confidential business information, or otherwise sensitive information submitted voluntarily by the commenter will be publicly accessible.

Reasonable Accommodations

People needing accommodations so that they may attend and participate at the public hearing should submit a request for reasonable accommodations as soon as possible, and no later than 7 business days prior to the hearing date, by contacting Lisa Manning (see **FOR FURTHER INFORMATION CONTACT**).
